

Newsletter and Directory

Newsletter

Communication with choral students and their families is vital. The LHS Choral Guild distributes a weekly email newsletter called the TWIC (“This Week in Choir”) to keep everyone up-to-date on choir activities, events, and from time to time, any last minute announcements. The email list is used only for Langley Chorus purposes; addresses will not appear on email distributions.

We ask that students and at least one parent sign up to receive choir communications online. Please have your student sign up using their personal email address (FCPS student email addresses are **not** accepted by the email system.) This takes just a minute and ensures good communication throughout the year.

To Sign Up:

1. Go to www.langleychorus.com
2. Click on “TWIC – sign up” (green button) on the top right side of the page
3. Enter your email address, first name, and last name
4. Check off the choir(s) in which your student(s) participates
5. Click “I’m not a robot” and “Sign Up”
6. You will receive an email from Langley Chorus (langleychoral@gmail.com) confirming that you have joined the mailing list.

Directory

The Guild also publishes a directory for the convenience of choir families. It will only be shared with choir families and will not be made public. Please let us know if you would like to opt out of having certain information in the directory.
